Respond Vs React

Situation	I Respond	I React
I am not in a good mood and someone asks me a stupid question		
Someone points fingers at me in a meeting		
Someone blames me for none of my mistakes		
My boss gives all negative feedback and asks my opinion during 1-1		
My boss asks me status on something which was not owned by me		
My boss's boss asks status on something which was owned by my boss		
I am held accountable for a failure of my team and asked for explanation
